ABOUT ME

As far back as I can remember I have been making art. From 5th grade on my number one hobby in life has been drawing and painting. Over the years I have continued to grow my art both in traditional art settings as well as digital media. Over the last 12 years my main focus has been tailored to Sports Apparel. In this field I have worked my way up from cleaning/prepping to now leading/managing a highly successful team of graphic designers. Going forward my goal is to one day become a Senior Designer where I can both create art and lead others toward success. I learned early on the value of hard work, I know that my experience and determination will continue to point me towards success both in life and in the art field.
